

PARENTING TEENS WITH LOVE AND LOGIC®

Preparing Adolescents for Responsible Adulthood

A five-week parent training program designed by the Love and Logic® Institute, Inc.

- Would you like to stay connected with your teen while watching them grow strong and independent?
- Would you like to develop the tools and skills to handle each mistake with respect and embrace it as a learning opportunity?
- Would you like to feel more relaxed at the end of the day?

Get the answers to many day-to-day frustrations:

- ★ "How can I empower my teen to make their own decisions?"
- ★ "How can I support my teen to live with their own mistakes?"
- ★ "How can I support my teen to grow through the consequence?"
- ★ "How can I get my teenager to come home at the agreed-upon time?"
- ★ "How can I help my teen figure out how their decision and behaviors lead to certain consequences?"
- ★ "How can I have empathy for my teen in their situation but not bail them out?"

Who should attend?

This Love and Logic training is for parents of students 4th-8th grade. Come develop the tools and skills necessary to support your adolescent as they enter junior high school, high school and beyond. The adolescent years are full of opportunities to make choices. As a participant you will leave prepared to respond to difficult, emotional or stressful situations that usually leave you perplexed, at a loss for words, or unprepared to respond.
